

INSTRUCTIONS

Kit Number:

90500289 REV A

Kit Description:

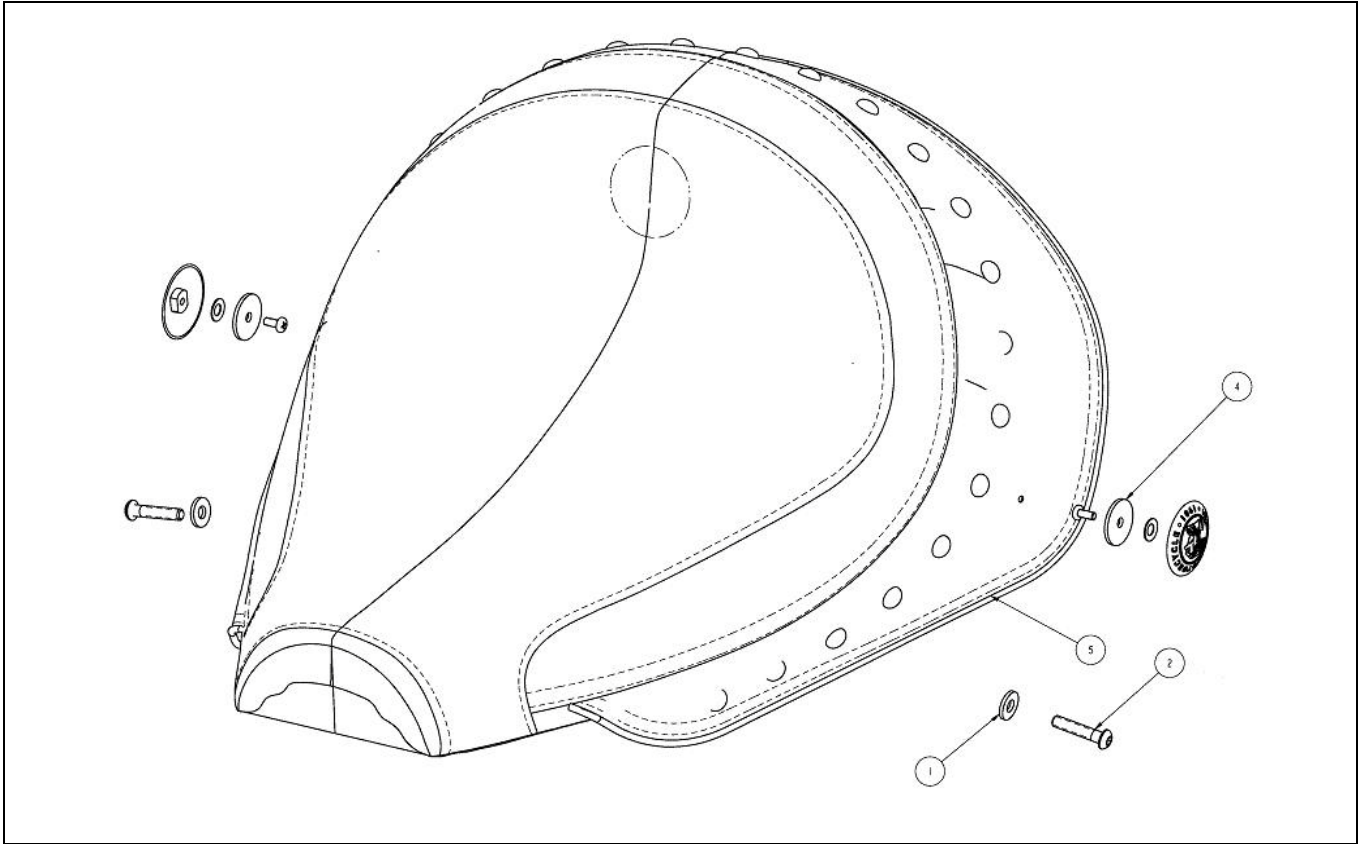

The Solo Seat Installation Kit contains all fasteners and hardware required to install a solo seat to the vehicle. For complete seat replacement, specific Solo Seat and Medallion Kit selections are required in addition to this hardware kit.

Installation Instructions:

1. Install medallion kit (see additional kit requirements) if needed
 2. Install passenger seat (see additional kit requirements) if needed
 3. Install seat grab rail kit (PN # 90800086) if needed
- Note: Passenger seat and Seat Grab Rail can NOT be installed together.*
4. Install seat onto bike ensuring:
 - a. The male front tab on solo seat engages properly on female frame tab
 - b. The two side brackets on the seat engage properly in frame openings
 5. Align holes in frame to seat bracket and install fastener (#2) and washer (#1). Torque 74-88 lbs. inch
 6. See passenger seat install or seat grab rail install for additional instructions

Warning: After installing seat, pull upward on seat to ensure the seat is secured in position. If the seat is not properly secured, the seat shift can cause loss of control, which could result in serious injury.
