

Key Cover

This instruction sheet is for installing the key cover onto keys for 2009 Indian Motorcycles. See pictures below for reference.

1. Key covers must be pressed together using a suitable press.
2. Use some hard plastic or soft jaw type material.
3. Wrap key cover if you think that the cover will be scratched
4. Place half the key cover on press and place key into cover
5. The key will fit into the cut out of the cover halves
6. Place other half of key cover over first half/ key combination
7. Align pins with holes of both halves
8. Press together halves on outer edge (preferably by pin locations).

WARNING: DO NOT PRESS MIDDLE OF KEY COVER

9. Remove from press
